Special Update: United Way Campaigns Make a Difference for THP
December 7, 2012

This has been a great week for THP thanks to significant contributions through various United Way campaigns. This year we've received the most support through the United Way of Massachusetts Bay & Merrimack Valley, with United Way of Rhode Island ranking a close second.

This Christmas season, please don't forget to designate The Haitian Project as a recipient on your United Way forms. Now that donors no longer need THP's United Way number, it's even easier to use United Way to support our mission; just ask for us by name!

We have active accounts at United Ways across the country, but if your local United Way doesn't list THP, we encourage you to make the extra effort to add THP as a recipient organization. It's easy to do and your efforts will pay dividends for years to come as future support from yourself and others becomes easier.

Many employers also participate in United Way campaigns, which offers another great reason to share THP's mission with your colleagues in the work place. These may seem like small efforts, but they really make a huge difference for our work in Haiti.

We welcome you to forward this email onto friends, family and colleagues in order to make them aware of both the potential to use United Way and our *Christmas Card Campaign* to support our work together in Haiti and to give the gift of an education this Christmas season.
